Subject: Replacement**Relates to: 81-90024-00****Make: Volkswagen, Audi, Seat, Skoda****Model(s): Various****Engine code(s): Various****Replacement of integrated oil seal 81-90024-00 / OE 06B 103 171 E**

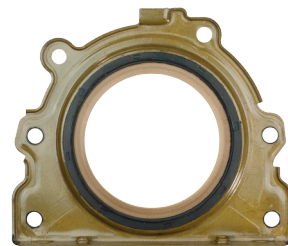

Dear Customer,

The integrated oil seal with Reinz no. 81-90024-00 corresponds to VAG 06B 103 171 E and has generally been replaced by gasket set 81-90006-10.

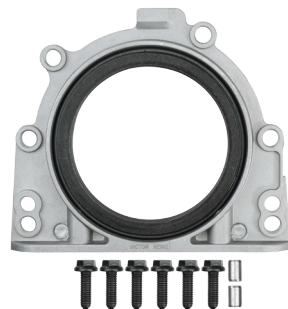

This replacement involves several parts.

The following parts (contained in 81-90006-10) must also be used for the replacement.

- 2x cylinder pin (OE N 106 171 01)
- 6x hexagon head screw (OE N 909 450 02)

81-90024-00
corresponds to OE
06B 103 171 E

81-90006-10
corresponds to OE
06B 103 171 B
2x N 106 171 01
6x N 909 450 02

Note:

Positioning of the PTFE sealing lip with the replaced oil seal.
The sealing lip faces the transmission (figure 1)

Positioning of the PTFE sealing lip with the new oil seal.
The sealing lip faces the engine interior (figure 2)

Important:

Be sure to follow the PTFE shaft seal installation instructions included in the set.

With kind regards
Your VICTOR REINZ Service Team
