

VICTOR REINZ®

Valve Cover

for the BMW Engine
Series N20, N46,
N52, N55

**Better and more economically priced
than the Original**

Problems with low quality valve covers are a thing of the past. You can be absolutely sure with the Victor Reinz® valve covers for the aftermarket – and you will even save.

Valve Cover in OEM Quality

The Victor Reinz Valve Covers for the BMW Engine Series N20, N46, N52, N55 are more than a Spare Part.

In independent tests the valve covers developed specifically for the aftermarket has achieved maximum functional reliability. And that at a better price than the original part.

Yet the valve covers with integrated pressure control valve for the crankcase, together with

optimized oil drainage and oil return, absolutely conforms to OE.

The failure rate of valve covers is greater than that of cylinder-head gaskets. That's why it is even more important that the replacement cover works absolutely reliably and comes from a single source, including gasket and screws.

OE Ref.	Article-No	BMW
11 12 7 552 281	71-17222-00	N52
11 12 7 570 292	71-17223-00	N55
11 12 7 588 412	71-17225-00	N20
11 12 8 645 888	71-17227-00	N46
